MEMORANDUM FOR: Acting AD/RR
FROM: Chief, D/A/RR
SUBJECT: Intelligence Support for OIT

1. Attached is a proposed revision of the 23 June 1951 memorandum from AD/IC to DCI on the subject of intelligence support for OIT. This revision has been concurred in at the working level by D/A, D/R, D/G, OSO, OCD, OO/C and I & S. This revision also incorporates those changes made at our meeting of 19 February 1952.

2. Revision of the 23 June 1951 memorandum has been considered necessary in light of an OIT request for increased intelligence support in the field of export controls. Upon your approval of this revision, it is suggested that you submit the draft to AD/IC for review. It is then expected that AD/IC will call a meeting of representatives of CIA offices, at which the revised memorandum will be considered.
